ABOUT ROSERY

Founded in the 1990s, Rosery is a national high-tech enterprise specializing in custom bathroom solutions, including shower enclosures, bathroom vanities, smart toilets, and shower systems, as well as custom home products such as partition doors, eco doors, and glass-metal cabinets.

Rosery has established a fully integrated intelligent manufacturing base covering nearly 200,000 square meters in Taishan, China, equipped with advanced production lines for glass processing, aluminum profiles, hardware components, and finished bathroom products. This vertically integrated manufacturing system enables us to ensure consistent quality, efficient production, and continuous innovation.

Our quality management system is certified to ISO 9001, ISO 14001, and ISO 45001, demonstrating our commitment to quality, environmental responsibility, and workplace safety.

Today, Rosery's business operates through three major channels: international export, domestic retail, and project business. Our products are exported to more than 30 countries and regions, including the United States, Canada, the United Kingdom, France, and Australia. In China, Rosery has built an extensive retail network with nearly 1,000 stores across more than 600 cities and has established strategic partnerships with leading real estate developers and national home furnishing chains.

With decades of industry experience, Rosery continues to pursue innovation in design, technology, and manufacturing, delivering reliable, elegant, and high-quality bathroom solutions for customers worldwide.

Together with our customers, we embrace the future and pursue our shared vision.
